

IC 310 S, IC 310 S PLUS

An universal electrically operated one-hose dry ice blaster with a pellet grinding function, designed for a wide range of cleaning tasks.

Standard dry ice pellets
1.5 mm / 3 mm

**Superior performance
& power**

**Versatile allows both - fine
& aggressive cleaning**

**Simple operation
Easy maintenance**

**Compact size
Mobile version**

PLASTIC NOZZLE

FOLDING HANDLE

ERGONOMIC BLAST GUN
WITH A SAFETY SWITCH
AND LED LIGHT

ANTI-VANDAL BUTTONS

DIGITAL CONSUMPTION
INDICATOR

STAINLESS STEEL
HOUSING

INSULATED HOPPER

7 m BLAST HOSE 3/4"
WITH ANTI - KINK SPRING
HOSE GUARD

PATENTED FEEDING SYSTEM

PRESSURE CONTROL,
DRY ICE CONSUMPTION CONTROL

ANTI - CLOGGING SYSTEM

STAINLESS STEEL QUICK CONNECT

PATENTED FEEDING
SYSTEM WITH
SCRAMBLER

Characteristics

The professional dry ice blaster IC310 S is our most powerful machine and covers most cleaning applications. The patented pellet grinding system produces very small particles that can remove dirt from highly sensitive surfaces such as high-gloss moulds, pneumatic and electric lines, machine control panels, or car interiors.

You can choose between microparticle cleaning of delicate surfaces and the standard 3 mm pellet mode of heavier soiling by pressing Switch to a single button on the control panel.

The ingenious design of the pipe and hose system prevents the breakage of pellets by the airjet. The jet nozzles are shaped to increase the speed of the pellets before hitting the cleaned surface.

The stainless steel frame and the housing of the machine guarantee a long service life. The machine requires minimum maintenance costs even in the most difficult operating conditions.

With its sophisticated design and outstanding technical parameters, you can set yourself apart from the competition with the Dry Ice Blaster IC 310 S. If you are looking for versatility, power and effectiveness combined in one machine, it is IC 310 S ready to tackle any cleaning challenge.

Technical specifications

<ul style="list-style-type: none">■ Dimensions Length: 560mm Width: 387 mm Height: 795 mm (1007 mm with the handle)	<ul style="list-style-type: none">■ Consumption Dry ice: 0 - 100 kg/h Compressed air: 1 - 12 m³/min. (35,3-424 CFM) depending on the nozzle type	<ul style="list-style-type: none">■ Weight Empty machine: 73 kg (without the hose)
<ul style="list-style-type: none">■ Operating pressure 1 - 16 bar / 14,5 - 232 PSI	<ul style="list-style-type: none">■ Hopper capacity 10 kg	<ul style="list-style-type: none">■ Material Casing: stainless steel
<ul style="list-style-type: none">■ Service supply connections: Compressed air : DIN 3489 claw coupling Electrical: 100 – 240 V, 50 – 60 Hz, CEE 7/4 . Type F	<ul style="list-style-type: none">■ Noise level 60 – 120 dB (A) depending on the blasting pressure, nozzle type and the cleaned surface	

IC 310 S

IC 310 S PLUS

Standard package contents

- **Blast hose**
7 m 3/4"
- **Ergonomic Blast gun**
With safety switch
- **Plastic nozzle RN-10-08**
round nozzle suitable for a wide range of uses

PLUS Accesories

- **Flex case II. PLUS**
Set of extra nozzles & extensions
- **Compressed air hose**
10 m 3/4"
- **LED light for gun**
IG-10-02-000
- **Ice shovel**
2 kg Capacity
